

# ANTIQUÉ ROMAN PAVERS

Sourced from centuries-old structures and lovingly reclaimed in France, these antique pavers resemble the classic cobblestones that once lined the roads of ancient Rome. Their uneven surfaces and natural aging offer a distinctive, lived-in beauty that can't be replicated. Ideal for those seeking authenticity and soul in their design, these stones are more than a surface. They are a story underfoot.

## FINISH

ANTIQUÉ

## SIZE

RW (3" to 6") x RL (4" to 10") x RT (3" to 6")

*Note: Can be gaged to desired thickness*

## USAGE

FLOORING
